Ahmed Mohammed Khattab
Senior Mobile Developer | Flutter Expert
Cairo, Egypt • +201012310171 • ahmedkhtab95@gmail.com • [LinkedIn] • [GitHub]

Professional Summary

Experienced and driven Mobile Developer with 6+ years of hands-on expertise in cross-platform development, specializing in Flutter and modern mobile architectures. Proven track record in delivering scalable, high-performance applications, enhancing team collaboration. Experienced in delivering robust mobile solutions with a focus on maintainability, scalability, and performance.

Professional Experience

Ministry of Justice – KSA
Senior Mobile Developer • Aug 2023 – Present

- Implemented features, fixed bugs, and contributed to app enhancements and production release processes.
- Collaborate with product owners to define mobile feature requirements and delivery plans.
- Improve app quality by leveraging automated CI/CD pipelines and production monitoring.
  Tech Stack: Flutter, Dart, Firebase Crashlytics, Azure DevOps, Firebase Messaging

Link Development
Senior Mobile Developer • Sep 2021 – Jul 2023

- Led development of the company's first mobile application using Flutter, which became a benchmark for future projects.
- After its success, Flutter was officially adopted across other mobile app initiatives in the company.
- Architected and developed scalable enterprise-grade mobile apps using Flutter.
- Led implementation of CI/CD workflows and enforced code quality standards.
- Integrated advanced features, including deep linking and federated social logins.
  Tech Stack: Flutter, Dart, Firebase, Azure DevOps, App Center, Deep Linking, OAuth

FaceGraph
Software Engineer • Jun 2019 – Sep 2021

- Participated in enhancing and formalizing the mobile development process for the engineering team from an early stage.

- Designed and implemented an efficient CI/CD pipeline, significantly improving development velocity.
- Delivered consistently high-quality work, frequently exceeding sprint targets and earning the highest number of ‘Instant Bonuses’.
- Mentored new team members and supported the team even after departure when needed.
- Quickly transitioned from Xamarin to Flutter and later contributed to backend API development in C#.
- Recognized for UI design skills and rapid delivery with high visual and functional quality in technical evaluations.
  Tech Stack: Flutter, Dart, C#, ASP.NET Core, Cosmos DB, Azure Functions

FekraSoft
Mobile Developer • Mar 2018 – Jun 2019

- Introduced Flutter to the development team.
- Increased app delivery speed by over 50% through the adoption of efficient development practices.
- Contributed to multiple mobile projects using Xamarin and Flutter.
  Tech Stack: C#, Xamarin Forms, Flutter, SQL Server, ASP.NET Core

---

Education

Bachelor of Computer Science, 2013 – 2017
Information Technology Institute (ITI) – Mobile Development Track, Nov 2017 – Feb 2018

Technical Proficiencies

Languages: Dart,C#,Java
Frameworks: Flutter, Xamarin, ASP.NET Core, Provider, Bloc, Riverpod, MVVM
DevOps & Tools: Azure DevOps, Git, App Distribution, Git Submodules
Cloud & Services: Firebase Messaging, Crashlytics, REST APIs, Cosmos DB, SQL
Best Practices: Clean Architecture, Dependency Injection, SOLID

Projects

- **Qrar:** Internal App for approval and decision-tracking app for internal use (Flutter, Firebase)
- **Najiz:** Judicial services platform for KSA government (Flutter, Firebase Crashlytics) [iOS] [Android]
- **Ma’an:** Social impact platform with integrated job listings and social login (Flutter, Azure) [iOS] [Android]

- **OnePass Device App:** Secure identity verification app using hardware integration (Flutter, Java)
- **GO Device App:** IoT control system with scalable device management (Flutter)
- **SmileMe.In (Connect & Operate):** Business management suite with mobile and cloud sync (Flutter, Xamarin, .NET Core)
- **Elgelany App:** Community engagement and communication platform (Flutter, Firebase) [iOS] [Android]
- **OurClok:** HR and attendance management system (Xamarin, ASP.NET Core)
- **Keshfyia:** Healthcare platform matching patients to doctors via smart criteria (Xamarin)
- **Refugee Care:** Nonprofit app connecting refugees with volunteers and job opportunities (Java, Firebase)

Awards & Achievements

- **Top 5 Team** – Ma'an Social Entrepreneurship Competition, Feb 2017
- **Semi-Finalist** – Mobile Application Launchpad, Oct 2016
